SPECIALTY COATING SYSTEMS

# 20-21

Prevent moisture and chemical damage with 20-21, Westcoat's moisture cured polyurethane, elastomeric deck coating system. 20-21 expands and contracts with normal structural movements to protect concrete from water and chemical seepage. Durable and waterproof, the 20-21 system can be used over plywood or concrete and delivers an elastomeric, chemical-resistant coating appropriate for plazas, balconies, helicopter pads, walkways, stairs, and parking structures.

**Ultra-flexible**

20-21 is elastomeric and keeps concrete sealed even in the presence of normal structural movements. This helps protect concrete from moisture and chemical damage.

**Proven performance**

The 20-21 decking system has a superior track record and resists weathering and abrasion year after year. Elastomeric surface won't soften in the heat or become brittle in the cold.

**Skid- and slip-resistant**

When combined with sand or aggregate, 20-21 delivers a slip-resistant surface for safer traction in a variety of conditions.

**Waterproof**

When properly installed and maintained, the 20-21 system promises years of waterproof protection.

**Perfect for a wide range of applications and structures**

Specified for use on homes, apartments, condominiums, hotels, office buildings, and most commercial structures. 20-21 works equally well on plazas, balconies, helicopter pads, walkways, stairs, and parking structures.

**Advantages**

- Waterproof
- Chemical-resistant
- Elastomeric
- Abrasion resistant
- Monolithic
- Cost effective

With over 25 years of industry experience, Westcoat offers innovative, durable surface solutions for the discriminating architect, contractor, specifier, or property owner. Westcoat Specialty Coating Systems -- an all-inclusive line of step-by-step coating products -- make selecting the right process for every job even easier. Engineered to achieve superior results, Westcoat Specialty Coating Systems deliver numerous protective, texture, and decorative options for a variety of applications.
